EXPERIENCE

Torpedo Comics, Topanga, California — Sales Associate

JUNE 2021 - JUNE 2023

One of two employees selected on merit from Torpedo Comics' acquisition of Sunset Comix, I was a keyholder who worked the register/floor and used sales techniques and pop culture knowledge to move items ranging in price from five-figures to two quarters. Also set up and managed signing events with high-profile industry figures, and helped to open two new stores.

Verdant AI, Pasadena — Intern

JULY 2020 - JULY 2020

Worked as an intern at the biotech startup incubator Verdant AI, working in data entry and routine chores.

EDUCATION

University of California, Santa Cruz — Undergraduate

MONTH 2024 - PRESENT

Currently an undergraduate in the Applied Mathematics field at the R1 research institution UCSC, focusing on economics and computer science. I was previously enrolled as a Computer Science: Game Design major and I have experience working near biotech.

Eagle Rock High School, Los Angeles — Diploma with Honors

AUGUST 2019 - JULY 2024

AP and International Baccalaureate Program Scholar, Captain, First Man, Assistant Coach, and premier Scholar Athlete of the historic D2 Cross Country team, Computer Science Club founding member, Student Leadership: Fundraising member. Enrolled concurrently with Los Angeles Community College for additional Computer Science coursework.

PROJECTS

Game Design — Multiple Projects

Ideator of "Inhuman", Lead Designer, Programmer and Publisher on "Space Toboggan", and I have experience learning miscellaneous skills for projects.
